Early withdrawal penalties – (a penalty may be imposed for withdrawals before maturity) – The penalty we may impose will equal 90 days interest on the amount withdrawn. In certain circumstances such as the death or incompetence of an owner of this account, the law permits, or in some cases requires, the waiver of the early withdrawal penalty. Other exceptions may also apply.

Withdrawal of interest prior to maturity – The annual percentage yield is based on an assumption that interest will remain in the account until maturity. A withdrawal will reduce earnings.

Automatically renewable account – This account will automatically renew at maturity. You may prevent renewal if you withdraw the funds in the account at maturity (or within the grace period mentioned below, if any) or we receive written notice from you within the grace period mentioned below, if any. If you prevent renewal, interest will accrue after final maturity. Each renewal term will be for 6 months, beginning on the maturity date and the interest rate will be the same we offer on new time accounts on the maturity date which have the same term, minimum balance (if any) and other features. You will have a grace period of ten calendar days after maturity to withdraw the funds without being charged an early withdrawal penalty.
